The pontianak appears as a beautiful woman on the road when you're travelling, as a lady in white with long dark hair. If you'd ever seen any Japanese horror movies, you'd already be running in fear, but this creature was from a simpler time. She's the spirit of a woman who died while pregnant and is none too happy about that fact.

The 7 Most Sexually Deviant Creatures in Folklore ...

Unlike most creatures, the Thing possesses no inherent standard anatomy. It may very well be that the Thing is a colonial organism whose assimilation instructions are carried on the genetic level. The Thing's shape-shifting nature means that the biology

The baculum (also penis bone, penile bone, or os penis, os genitale or os priapi) is a bone found in the penis of many placental mammals. It is absent in the human penis, but present in the penises of other primates, such as the gorilla and chimpanzee. The os penis arises from primordial cells within soft tissues of the penis, and its formation is
