

Atco Villiers Engine

Atco Villiers Engine

For example, many Atco Motor Mowers (The Atco Standard) from the 1920s have Villiers 147cc engines with "H" prefixes to the numbers. Later, and into the 1930s, smaller Villiers "Midget" engines have CY or similar prefixes that also seem to be mower specific.

Atco Mower Dates | The Old Lawnmower Club

In September 1922 Villiers announced the details of their new 1923 engine range, which included 147 cc, 250 cc and 343 cc engines. These engines featured a radial finned cylinder head, with both the inlet and exhaust port being at the front of the engine, and they all had the Villiers flywheel-magneto.

Atco Villiers 150 | The Old Lawnmower Club

The Light Atco motor mowers produced in the 1950s utilised a plate steel chassis and were powered by more compact 97cc Villiers two stroke engines. The cost of mowers had also reduced thanks to the success of mass production in the mower industry that was pioneered in the UK with the first Atco Motor Mowers.
