Anyway, I don't know that TDOS says about what they call
"Message Boards" in 2e, but in the first edition, they cover many
of these subjects.

Designing Social Interfaces Christian Crumlish

Christian Crumlish, Erin Malone. From the creators of Yahoo!'s Design Pattern Library, Designing Social Interfaces provides you with more than 100 patterns, principles, and best practices, along with salient advice for many of the common challenges you'll face when starting a social website. Designing sites that foster user interaction and community-building is a valuable skill for web developers and designers today, but it's not that easy to understand the nuances of the social web.
