When you think about how to become a guide, horsemanship and wilderness skills are probably the first things that come mind. Working as a horseback guide, however, is equal parts skill and character. Your ability to handle stressful situations in an unforgiving environment can quite literally be the difference between life and death.

Becoming a Backcountry Bulldog Story and Photos Contributed by Leda Olmsted Last winter, while scrolling through my Facebook feed, I stumbled upon a picture of a female bulldog that was free to a good home. My inner dialogue instantly said, "I wish! There is no way Bula, my alpha female bulldog, will let another dog..."

My Job: Backcountry Ranger Chris Kalman. ... Backcountry rangers in particular are a special breed and they are basically of the same mindset as most people who wander into the backcountry. We're all there just because we love it out there, not to enforce a bunch of arbitrary rules. By getting back on the same page with the public - whether ...

Climbing skins are your primary ascent tools in the backcountry. Getting quality skins that fit your skis or splitboard properly is a key to success in touring. If your skin hardware doesn't fit, your glue doesn't stick or your skins aren't trimmed properly for your skis or board, you could be in for a frustrating day.
