Transmission Rebuild Costs | Street Smart® Transmission

Transmission Replacement Labor Cost. A big portion of any transmission replacement or rebuild is the labor cost. It's at least six hours to remove and install a transmission, often twice that. How much is a transmission? Well, transmission prices will vary between different makes and models, but can range from \$1500 to \$4000 for the part alone! When you're looking at the true cost of transmission replacement, expect labor to be a third to a half of the overall cost.

Transmission Repair Costs & Replacement Guide! Here's What ...

Unfortunately, transmission replacement is one of the most expensive things to do on most cars, and depending on the value of your own, it might not even be worth it. Professionally remanufactured transmissions for most vehicles start around \$1000. Automatic and CVT transmissions will go up from there.

How Much Does a Transmission Cost?

A good estimate cost for a transmission rebuild at a shop is between \$1500 and \$3000 as of 2009. Doing it yourself would likely be under \$500, considering that all you have to pay for are the parts, not the labor. There are many variables. A rebuild is taking the transmission out of the car, opening up the case, and visually inspecting each part.
