Teaching and Learning / Course 2/3 Math in Focus
Math in Focus addresses topics in greater depth at each grade. Please reference the 6-8 scope and sequence to see how mathematics skills are introduced and expanded within each grade level. This year, students in Course 2 will focus on:

Teaching and Learning / Course 2 Math in Focus
The entire 321 math! program has been prepared on the basis of the renowned methodology devised in Finland - the European Pisa report leader. Keeping constant focus on the child's own experiments, the course perfectly meets the new math curriculum and helps pupils gain better understanding of the freshly acquired knowledge. The whole material has been specially designed to keep the ...

Math in Focus Documents and Links - O.A. THORP SCHOLASTIC ...
Math in Focus (K-8) was developed by Great Source (a division of Houghton Mifflin Harcourt) in conjunction with Marshall Cavendish (the original publisher in Singapore). Although the basic instructional sequences are similar and the content is very close to the SE, material added to the most recent editions brings it into alignment with CC.

Math In Focus Curriculum - The Curriculum Store
Based upon the Singapore method of teaching mathematics, Math in Focus features a problem-based approach that builds on a concrete-to-pictorial-to-abstract progression. Within each grade fewer topics are taught, but at a more in-depth level; visual representations, modeling strategies, and a development of conceptual understanding, place value, and computation fluency help students to ...
