Quibids is I hate to say a scam, but if it's not a scam its a con. Say you get a \$900 item for 40.00 now Qubids charges you .60 to make a bid and they charge you for each bid you make. Most items can only bid up by .01 or .02 on each bid. So there were 4,000 bids and Quidbids "earned" \$2,400 in bidding fees, because you pay even if you don't win.

What is QuiBids - Answers

QuiBids takes collusion very seriously as it is harmful to the customer experience; it is continuously monitored and not tolerated. QuiBids defines collusion as two or more user accounts working together in an auction. Failure to comply with these policies can result in disabled accounts and canceled orders.
