Is this guy for real? Yes. "Sherlock Bones" is the name of Keane's one-man detective agency that specializes in finding lost pets. (Or at least, it was -- the book was first published in the 1970s, so I'm not sure if he is still in business. But the content is still relevant today.)

Sherlock Bones - The Definitive Guide to Finding Missing Pets!
2 reviews of Sherlock Bones "Tracer of missing pets. What a good idea! I saw one of Sherlock's professional-looking posters on a tree last weekend with a color picture of a missing dog. The website says he found Jim Carrey's a.k.a. Ace Ventura's lost dog. Although I hope I never have to, this is a service I would use."
