Los Angeles always seems to be waiting for something. Permanence seems out of reach; some great apocalyptic event is on the horizon, and people view the future tentatively. Robert Altman's "Short Cuts" captures that uneasiness perfectly in its interlocking stories about people who seem trapped in the present, always juggling.

The good news is that almost every trend will work with every face shape, you just have to get the right cut. For example, the pixie typically doesn't flatter a round face. However, it can be gorgeous if you elongate your face by wearing short bangs that stick up or leave them nice and long in a side-sweep.

Short Cuts Barbershop has a very friendly staff. You get a great haircut for a reasonable price. They took their time with my haircut to make sure they did a good job. When I left, I wasn't covered in hair from head to toe. With the job they do cleaning you up, you could leave there and go out in public not looking like you just had a haircut.
