*Signals And Systems Second Edition**

9780138147570: *Signals and Systems (2nd Edition ...*

This is a signals and systems textbook with a difference. Engineering applications of signals and systems are integrated into the presentation as equal partners with the concepts and mathematical models instead of just presenting the concepts and models and leaving the student to wonder how it all relates to engineering. This book combines theory and applications in a unique way through the ...
