understand that our surroundings and context affect the way we perceive the environment, situations, other people and even ourselves.

While the author's humor may have been a little too much, I found his writing style to be easy to follow and kept my interesting all while challenging me to think differently.

an interesting premise,
Patricia. This is one I'd
be interested in
reading. So much
emphasis has been put
on personality and the
author seems to play a
thought provoking
gadfly.
