Richard Henry Popkin was an academic philosopher who specialized in the history of enlightenment philosophy and early modern anti-dogmatism. His 1960 work The History of Scepticism from Erasmus to Descartes introduced one previously unrecognized influence on Western thought in the seventeenth century, the Pyrrhonian Scepticism of Sextus Empiricus. Popkin also was an internationally acclaimed scholar on Christian millenarianism and Jewish messianism.

Philosophical skepticism. Ancient skepticism faded out during the late Roman Empire, particularly after Augustine (354–430 CE) attacked the skeptics in his work *Against the Academics* (386 CE). There was little knowledge of, or interest in, ancient skepticism in Christian Europe during the Middle Ages.

"I had read the book before in the shorter Harper Torchbook edition but read it again right through--and found it as interesting and exciting as before. I regard it as one of the seminal books in the history of ideas. Based on a prodigious amount of original research, it demonstrated conclusively and in fascinating details how the transmission of ancient skepticism was a vital factor in the ...
