*Mind of the Market | Michael Shermer | Talks at Google ...*

The national bestseller The Mind of the Market uncovers the evolutionary roots of our economic behavior. Drawing on the new field of neuroeconomics, psychologist Michael Shermer investigates what brain scans reveal about bargaining, snap purchases, and establishing trust in business.

*The Mind of the Market: Reviews » Michael Shermer*

The Mind and the Market is a remarkable history of how the idea of capitalism has developed in Western thought. Ranging across an idea Capitalism has never been a subject for economists alone. Philosophers, politicians, poets and social scientists have debated the cultural, moral, and political effects of capitalism for centuries, and their claims have been many and diverse.

*Mind Of The Market: 9780805089165: Economics Books ...*

The Mind of the Market analyzes the free market of capitalism in a manner like evolutionary biology. It's an interesting book, in which Michael Shermer essentially argues that the market works the way it does because of the desires and behaviors of its component parts: people.

*The Mind of the Market » Michael Shermer*

Written with his customary verve and flair, The Mind of the Market is Michael Shermer at his best. Roving over the entire sweep of history, and drawing on the best of modern science, Shermer attempts a grand synthesis of research from psychology and the neurosciences to demonstrate that markets are moral and that free trade meshes well with human nature.
