Air-Cooled Chillers—Trane
Trane® Stealth™ air-cooled chillers deliver the highest combination of part-load and full-load efficiencies and the lowest published sound levels. No other air-cooled chiller can match this kind of efficiency or sound performance. Why Trane Stealth air-cooled chillers? Industry-leading efficiencies with no need to compromise —Up to 12.1 EER at full-load operation; up to 20 IPLV at part ...

Air-Cooled Chiller—Trane-Commercial
The 20 to 130 ton air-cooled chiller model CGAM is factory assembled, charged and designed for outdoor use in ambient temperatures of 0 to 125°F. Chillers are equipped with compressors, condenser, fans, evaporator and controls. The industrial-grade design is ideal for large office buildings and commercial/industrial facilities.

Trane—Products
A true plug-and-play system that provides the highest efficiency for its operation, our YORK® YLAA Air-cooled Scroll Chiller allows you to reduce your energy costs while being friendlier to the environment. Whether your cooling needs are industrial or commercial, we can help you put together a complete air-cooled chiller system.

Air-Cooled Chillers | Trane-Commercial
ton air-cooled scroll chiller.This next-generation chiller is an exciting step forward in energy-efficiency, sound, reliability, ease of serviceability, control precision, application versatility, and operational cost-effectiveness.The chiller is designed to deliver provenTrane performance based

Air-Cooled Scroll Chiller | Daikin Applied
YCAL Scroll Chiller 15-35 TR (50-123 kW) The YORK® YCAL Air-cooled Scroll Chiller is reliable, completely self-contained and designed for easy, low-cost outdoor installation.

Air-Cooled Chillers | Trane-Commercial
- Our high-speed centrifugal air-cooled chillers are the newest addition to the range and combine extreme efficiency, a refrigerant with <1 GWP (Global Warming Potential) value combined with the Trane legacy of reliability. Trane air-cooled chillers are the right choice for tight temperature control in virtually any application.

Trailblazer® Air-cooled Scroll Chiller—Daikin Applied
Trane® Sintesis™ chillers offer excellent solutions to meet requirements for efficiency and sustainability RTAD Chiller- R134a Screw Compressor Stwin Circuits type Main features Small footprint Single power connection Low sound levels Star-delta starter Exact load matching Application flexibility Very suitable for ice making to -12°C brine temperature Customer benefits Reliability: Trane...

Water-Cooled Chiller | Cold Generator™ Scroll Chillers | Trane
Trane offers a variety of air-cooled chillers for a wide range of comfort and process cooling applications.. Our helical rotary air-cooled chillers can reduce your total cost of ownership because they are engineering for lower life cycle costs and reliability through design simplicity. Our Helirotor™ compressor technology is direct drive, low speed (3600 rpm), with only two rotating parts ...

Air-Cooled Chiller | Scroll Chiller Model CGAM | Trane
Trane offers a portfolio of air-cooled chillers for a variety of applications ranging from maintaining comfort in a building to cooling a process. With intentional overlap in capacity, efficiency, and sound performance, we're able to offer our customers multiple choices of chillers to best meet project requirements.

Air-Cooled Scroll Chillers CGAF 170-700 kW
Trailblazer features an optional factory-installed heat recovery system allowing you to use up to 45% of the heat normally rejected to the condenser for pre-heating or dehumidification. With sizes up to 240 tons, Trailblazer is the largest air-cooled scroll chiller with a heat recovery option.
